Narayana Guru (1854-1928), a much-revered philosopher-saint of South India, revisualised the essential Upanisadic thought with a freshness of perspective. Further, he applied basic aspects of his Upanisadic philosophy successfully to bring about radical social transformations. This book deals with his philosophy as discussed in his major work, Atmopadesa Satakam (One Hundred Verses of Self-Instruction) but incorporates views and ideas from his other works as well. The various concepts are explained in relation to one another and from the viewpoint of achieving the final goal in life to present a unified thought construct that forms the core of Narayana Guru`s philosophy.
