GOING WITH THE GRAIN: MAKING CHAIRS IN THE 21ST CENTURY

Living Wood Books, United Kingdom, 2013. Paperback. Book Condition: New. 2nd Revised edition. 272 x 210 mm. Language: English . Brand New Book. This book is about how to make a chair - simply and with tools you can easily obtain or construct for yourself. In 1985, when Mike Abbott started running courses using the traditional tools and techniques of the Victorian chair-bodgers, many people said it was about time he moved into the 20th Century. Following the success of his first two books Green Woodwork and Living Wood, Mike s third book shows that he has now moved happily and unashamedly straight into the 21st Century. With the help of over 600 colour photographs he guides you, step-by-step, through: The tools and techniques needed for cleaving, shaping and assembling a chair Constructing a few simply homemade devices to aid the process Making 3 stools and 3 chairs, each with its own unique character Going with the Grain is not written for cabinet-makers (although they are welcome to read it too) - the techniques described in this book have as much in common with cabinet-making, as does a jacket potato with haute cuisine. It is written for anyone who shares Mike s passion for trees and wood and is interested in getting to know them better through the fulfilling process of turning a tree into their very own chair. This new second edition has been revised, based on feedback from readers and students in Mike s courses. Sections on drilling and steam-bending have been updated and all measurements are now given in inches as well as in metric units. The major changes are in the large chapter on seat-weaving, which now includes detailed instructions for three different patterns in Danish cord and fiber rush. There are also illustrations of over...
