One night late in May a tiny fragment of a distant planet miraculously finds its way into the duct work of a hospital near Princeton, New Jersey. The unearthly meteorite bounces and rolls until it drops into an open incubator temporarily holding two boys born on the same day, Eli Trenton and Thom Raritan. Eli comes from a long line of athletic men. His grandfather played in the NFL and his father won an Olympic bronze medal. Thoms parents are accomplished academics; but his dyslexia and ADHD make him doubt hell ever exceed scholastically. Being home schooled his parents worry their shy son isnt developing his social skills. Both boys parents decide to send them to a summer camp before they begin high school. A fourteen year old Eli and Thom arrive at Camp Shapontek in the Pine Barrens. A disastrous encounter with a bully causes Eli to be reassigned to Thoms cabin. When they press their birthmarks together an intense reaction knocks them both unconscious. Upon awaking they discover they have been changed. Eli finally had the growth spurt he had been longing for. Thoms mind is suddenly clear and focused. Through trial and error they learn they actually attain temporarily super-powers each time they...
